PSAC Website: A committee will work with W. Adair to update and organize the website to be consistent with the overall look of the website. Eliminating old policies and adding new policies that have not been added already. This committee will update contacts and examine documents.

Committee: Danielle Lodanosky, Colleen Shotwell and Rennie Sacco

Leadership within the conference for Athletic Training: Danielle Lodanosky will remain the chair for at least another year and will continue to work with the conference office and update drop box as well as sit on the committee to update the PSAC website, recommendations for term limits and vice chair were not decided to move forward with that idea.

Injury Surveillance Participation: Murray, S. asked for more participation because the push is going to come from the NCAA to require participation if they cannot get 50% of Division II to participate. 10 CEU's available for participation. Those participating also stated that there should be more user input because the drop downs do not match injuries.

Concussion protocols and annual affirmation to the conference: Suggested by S. Murry that by August 1, the president with the Athletic Healthcare administrator sign off that they all have a concussion protocol in place in compliance with PSAC, this to show the PSAC insurance company that all schools are in compliance.

MOTION: Annual affirmation to conference that your institution is compliant with PSAC concussion policy, sent to both the president of the university and the Athletic Healthcare administrator, to be completed by August 1 of every year.
